

WOLFCO. BAILIFFS

Recoveries With Integrity

To Whom It May Concern:

Wolfco Bailiffs has been a successful bailiff and collection operation since 1999 with over 20 years of combined industry experience and expertise. We have acted for some of Canada's most reputable companies. Our reputation and how we represent ourselves is at the very core of our business values. These core values is what we look for in our suppliers and we found that in Lead Generators International (LGI).

When we contacted LGI, we were skeptical that a telemarketing firm with no prior experience in our industry could secure new accounts for us.

Quite simply, LGI has been successful in generating leads that have turned into new business for our collection and bailiff departments. The fees we have paid LGI have been recouped many times over.

I am pleased to recommend the services of this firm for any business needing to secure substantial new accounts.

Yours truly,

Les Mitchell
General Manager
