

L

To whom it may concern:

We are a team of professionals specializing in providing appealing services for property taxpayers to reduce the substantial liability cost of property tax.

When we contracted with Lead Generators International (LGI) we had several years of success doing our own in-house cold calling lead generation. We wanted to scale our business and work on the business rather in the business.

Within days of our campaign starting with LGI they were securing qualified leads for us. The quality of the leads was exceptional, and we have since retained LGI for two more campaigns in addition to our initial test pilot.

There are a lot of competitors to LGI. Many of these competitors provide cheaper low-quality services, but because they offer more calls in their campaigns than LGI it can seem tempting to contract with them. LGI fees were on the higher end, but definitely well worth the extra money when we look at the value we received as the LGI team really took the time to understand our sales proposition. In addition, LGI took the time to customise their delivery of leads to exactly how we wanted it so that any leads would be easily transferable into our sales CRM.

LGI delivered on its promises. We are blown away by the team's professionalism and willingness to accommodate our requests. The opportunities they have generated are perfect fits. We couldn't be happier and will continue our business relationship with LGI into future years!

Best regards,

Jonas Perov, A.I. M.A, Paralegal
